

## System AAD

### Research

- Management systems used by NTU
- User Needs/Requirements
- Languages to use for implementation
- Research Complete

### Analysis

- Functional Requirements
- Non-functional Requirements
- Use Cases
- UML diagram
- Analysis Complete

### Design

- Create GUI Designs
- Deployment Diagram
- Design Complete

### Implementation

- User Interface
- Set-up Database
- Back-end Implementation
- Implementation Complete

### Testing

- Carry out test for the system
- Testing Complete
